CEO Message

Earlier this month I delivered a 1-day class on "Metrics for Improving Project, Program and Portfolio Performance". I was glad to see about 40 project professionals attend the class and actively participate. Based on my personal experience, I provided a set of twelve powerful metrics that can provide tremendous benefits to any organization. The participants were in complete agreement about the usefulness of the set of these twelve metrics. Are you are interested in learning about this set of twelve metrics? If so, you can download a copy of the [PowerPoint slides](#) on the RefineM website. I encourage you to take a look at the slides and let me know what your thoughts are on this topic.
